

## CASE STUDY

### US Department of Energy

#### ESPC Project Facilitator

**Project:** Energy Savings Performance Contract  
Quality Assurance Program

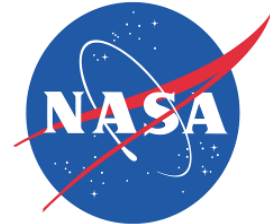

**Client:** US Department of Energy (US DOE)

**Scope:** In January 2003, and again in April 2005, Celtic Energy was selected to provide quality assurance of Federal ESPC contracts between owner Agencies and ESCOs. Duties include project expediting, coordination of various government agencies and sites, due diligence review of Initial Proposals and Detailed Energy Surveys, including; savings calculations, monitoring and verification plans, O&M, training, and commissioning plans prior to execution of multi-million dollar contracts. Also review design plans, equipment submittals, etc. and assist in negotiating these issues, among others in Final Contract Award. *Our expert work has saved the Government millions of dollars in construction costs as well as energy savings.*

**Features:** We are currently assisting the following facilities:

- US Dept of Energy Headquarters, Wash. DC
- GSA / FDA White Oak Headquarters, MD
- USDOE Brookhaven National Labs, NY
- NASA Johnson Space Center, TX
- Edwards AFB, CA
- McGuire Air Force Base, NJ
- MacDill AFB, FL
- US Bureau of Prisons, TX
- GSA Courthouses, MO
